BOTANICAL SKETCH

Each of our wines is linked to a specific flower – the characteristics of the wine are symbolized by that particular flower on the label.

Amaryllis belladonna (March Lily)

An extremely beautiful and elegant, pink flower that occurs naturally around the Cape. The cultivar **Merlot** is also seen as being an elegant, refined and feminine wine. The common name *belladonna* originates from its historic use by women - drops prepared from the Belladonna plant were used to dilate women's pupils, an effect considered attractive.
